"Black Pepper[®]

was born from a shared passion for the Sea, a taste for enterprise, uniting people and from a true conviction: the necessity of manufacturing in a place where knowledge and background still make perfection and luxury accessible, in the interest and respect of all. We have chosen to build small series, exclusive and top of the range boats for :

Sailing on a neo-classical *Code 0*, fishing, water-skiing and boating on a *Tenderfish*, lastly our tiny *Ilia*, the perfect tender to initiate children to sailing."

Michel Douville de Franssu
President / CEO Black Pepper[®] company

Code 0, the vintage Day Boat

from **Black Pepper®** Boat Manufacturer & Designer

Black Pepper®, a company known for its elegant yachts, offers luxury with Code 0, a day boat whose appearance recalls the "Belle Plaisance" from the early nineties.

Code 0 is inspired by the elegance of the old lines that have shaped our memories, while using the technologies of our modern world ; this was the challenge that we decided to meet, so when performance is synonymous with elegance, the creator can feel good.

The innovative concept designed by Michel Douville de Franssu consists in transposing the "Neoclassical" design towards yachting, combining traditional and high-tech materials: wood and carbon, bronze and stainless steel, cotton and spectra.

The boat is adaptable for either family or reduced crew. Its large cockpit can welcome the whole family and its lifting keel allows to beach. Thin and elegant, it's a beautiful and performing object ; it is also a very nice regatta boat.

Code 0 is the ideal boat for a contemporary esthete.

Elegance & sophistication

The high-tech Day Boat, “Belle Plaisance” style

The Code 0 “Natural Class”...

Products of a high quality design and technique, our boats impress from the first look: the quality of construction, the purity and originality of their lines, their exceptional seaworthiness leave no one indifferent.

The **Black Pepper**[®] industrial concept, based on customized construction and fittings, is a real success. It seduces people for whom it's important to recreate their personal space on board.

Characteristic

Overall length: 9,95 m / 32.64 ft
 Maximum beam: 2,70 m / 8.86 ft
 Air draft: 13,70 m / 44.95 ft
 Displacement: 1850 kg / 4078.55 lb
 Lifting Keel: 800 kg / 1763.7 lb
 Draft: 0,70 m/2,20 m / 2.3 ft/7.22 ft
 Mainsail: 32 m² / 104.99 ft²
 Jib / self tacking furling jib: 18 m² / 59.06 ft²
 Code 0 / Genaker furled: 45 m² / 147.64 ft²
 Asymmetrical spinnaker on bowsprit: 81 m² / 265.75 ft²
 Architect : Romaric Neyhousser

Materials :

Hull infused, post-baked
 Carbon epoxy foam sandwich
 Mast and bowsprit carbon
 Teak deck

SHIPBUILDER : **Black Pepper®**

Design & Construction

Code 0 is manufactured as per a technique called "sandwich construction" ; using materials such as carbon fiber, high density foam, and epoxy resin. All parts are then infused and cooked to obtain a result that the composite goldsmiths usually keep for ocean racers or the aviation industry.

The Code 0 design results from a successful marriage of performance and elegant lines. Her arch and rear transom together with a dog-house roof, gives her this distinguished elegance, worthy of the Old International Rule Yachts. Her neoclassical silhouette and taut lines make her an elegant day boat, with impressive technical performances.

Code 0 has an efficient deck plan and innovative appendices, (twin rudder and a swinging keel) ; large cockpit, sunbath, ship berths : Everything has been designed for comfort and ease of use ; everything makes you willing to sail longer.

Equipment

A central winch with its piano makes crew manoeuvres easy from the cockpit.
 The optional swinging/retractable keel allows mooring in shallow water.
 The diesel or electric engine allows to go back to the port safely.
 Maneuvers under the bridge provide ergonomics and aesthetics of the boat.
 The self tacking jib and furling headsails make navigation easy for reduced crew.

Options

Sails

Mainsail black Technora
 Gennaker black Technora (code zero) on furler
 Listens fairleads and cleats
 Black Technora jib furling
 Asymmetric Spinnaker
 Carbon boom
 Retractable carbon bowsprit

Protections

Jibe / Code zero cover
 Mainsail cover
 Awning deck
 Awning hull - transport
 Fenders rectangular canvas
 Sun awning

Various

Vessel name markings
 Upholstery external bathing - saddle stitching
 Bers storage
 Epoxy and antifouling protection
 Custom color
 Ladder
 Pack safety and mooring
 Max Prop propeller
 Hydraulic retractable keel system

Refrigerator
 Chemical toilets
 Deck shower
 All teak shelf / board / kitchen
 Bath stairs
 Automatic lifejackets
 Sets:
 Smoke + membrane overalls - Custom
 Short / oxford shirt / cotton jacket - personalized
 Double axe braked trailer
 Teak roof handrails in
 Stanchions
 Electric windlass

Electronic Equipment

Autopilot
 GPS
 IPOD compatible Stereo System
 VHF - HP ext
 Navigation station with remote control and jumbo
 Outdoor Speakers
 Remote control driver
 E-card
 GPS tracer/locator (without subscription)
 Wi-Fi 3G station (without subscription)

Transportation, preparation and handling on request.

Performance & Design

Manufacturing technologies associated to building materials provide high stiffness and smooth displacement. The design of a broad and taut hull gives excellent performance, particularly on downwind sailing together with a great stability. The whole fitting is wooden dressed (deck, roof, benches), the “must have” finish for the harmony and atmosphere of this yacht.

Code 0's helm is fine soft and precise ; thanks to the twin rudders. Well sails fitted, this boat is swift, even in light airs.

The classic rig with no backstay is equipped with a telescopic bowsprit. A powerful downhaul replaces the usual mainsail traveler.

Customization

Code 0 is available on a standard color chart. **Black Pepper®** offers an optional customization color of hull, upholstery and fittings according to owner wishes.

Pleasures of sailing

Cruising

Easy to handle *Code 0* is suitable for reduced sailing crew or family trip. (Self tacking jib, easy maneuvers, headsail furling and wide cockpit). The bare back part of the boat protected by bulwarks is a perfect spot for sun bathing, swimming and diving.

Racing

Fun, speed and safe, *Code 0* is appreciated for the simplicity of its maneuvers, space, and for its spacious and efficient deck plan. The comfort of the crew is provided by its stability, and steering and handling feel are guaranteed. This is a very fast boat at all speeds.

Yachting

Every year, **Black Pepper**® brings together the proud owners of this magnificent day boat during the main events of "la Belle Plaisance" and the Traditional well known Yachting Events.

Let's build together the next monotype with *Code 0*...
